Dear Dr. Burleigh:

I was indeed glad to get your letter and to know you are one of the few who has kept records of the various communities in the deaths, births, marriages etc. The early Longford and other Pastors of your section were reprinted by the Ontario Historical Society into (Vol 1-1930) and it is this book I sent to Mrs Hough. It is a gold mine ^{for} old church records and I felt sure it would solve most of her problems. Your (M.A.) is herewith returned and I suggest you see her ^{and} if you want a copy, just write to the Sec. Ontario Historical Society requesting this later edition Vol. I with your 2nd remittance. The address as you probably know is at Toronto, Ontario - I strongly urge ^{you} to see the book. Mrs Hough is near Hillsville, Ont on a farm. She is a wonderful woman and I ^{am} sure can give you full particulars from the book which she doubtless has. I am known in the Society and refer to me if you wish.

So far as I know she now has her records now complete and only some further classification ~~are~~ yet needed on a few items.

What is needed just now is to determine if the Sord of Martin (ie a Jacob) is not in error and that 21

Dear Mr. Young:

While working to complete my history of the Alquiros I have been alert all the while hoping to get something on the Haugh family. Well a few days ago I ran across the old Langhorn Registry of Bath, St. Johns church the St. Pauls church and some others of your section of the country. The book contains 75 records of the Haughs, Sharps and in fact people of the name I never heard of. In the burials I found that John Haugh (Old John) is recorded in the burials of 1805, Sept 12. so at last that's the record. I suspected he died early since Jacob his son administered his property in 1806. I however never found the probate proceedings. This old John was settling up his Military grants having selected additional ^{land} in Hastings. His record through the Patents office showed he never obtained this land in Hastings Co., As I recall my search, he died before he could get this settled up. Might still be a claim there. I sent Mrs Haugh the papers several months ago. It would do no hurt to look up the Probate proceedings. The dower right of Mary was not indicated ^{that} either and I wondered about. But I wondered still ^{more} (rev) 19

why Martin never seems to have taken up land as he too was a son of a U.E.L. I found all this ^{merely} working to find ~~Mary~~ and I still think she took up land in Con. 4. L 10 Cornwall ^{Imp.} where her brother John took up his land in 1786 which was later patented May 12-1797.

Since John Hough is in the St Johns church at Bath, I would trace the burials there since John's death and some where later you may find that her name will show up at St Johns even though she was buried in the unknown or unmarked grave.

So this closes another chapter with members of the Alguire family.

My records on Jacob I. & Martin I sons of old John are quite complete. Due to the fact that Mary was born 1749 in N.Y. I doubt if she ever had other children although the records show an Ann who was the husband of J. C. Bell, daughter of Wm Bell U.E.L. - I think Isabel Bell also was a sister of Martin's wife, that he was a Hough and was a U.E.L. In fact he had a John who got land, ^{ie} Ann had a son John.

After checking the Hough family to establish the two sons of old John I got all confused trying to prove up these brothers families, Here is 18

this particular record Page 57 in the book should not be a son of Jacob I, a brother of Martin. I have written to Mr. Young again about this.

Unfortunately the methodist records of Mr. Philip Roblin in this book is not complete as I feel sure it would have the records of Jacob I & family. Jacob I & Martin were the only children of old John I know anything about. Mrs. Hough want to ^{know} more about the Sharp family and it was on this account I got her to get the book.

As stated I have this ^{family} about completed but do hope some one can trace the ~~Bath~~ burials down from 1813 in search for Mary (Alquire) Hough, also the St. Pauls ^{Fredricks} ~~burg~~ ^{burg}.

I may write you further about additional information about some baptisms in Sidney & Thurlow Twp's.

It may be of interest to know I have followed this work on my family covering a period from 1687 in Wierlenburg Germany to now over 25 years, and expect to follow it as long as I am able. Have some 7000 records in my history 1/2 of which is complete and filed with the Archives at Toronto.

Most sincerely yours
G.B. Alquire

the information I yet need.

The records show that Martin married Isabel (Bell) Sill. She married Johannes Sill Feb 23-1794. To this union was born, William, George, Peter, and Mary Ann. On Oct 12, 1801 she married Martin and had (4) children up to 1809 when the register was closed. Up to that date the children, were Margaret, Florrie, Nellie & Ellen (Martin and others were) born later. I was confused to note that Martin had a Jacob, ^{born} June 11, 1807 but those are the records. And yet Fred Edgar says "You will understand that Jacob, John's son (Old John) was my grandfather."

I would like to know if Jacob I (Old John's Son) had a son Jacob? Jacob does not show in the records but there is in Jacob I family, a Nancy Born 1799 - Margaret 1801, Jane ¹⁸⁰² Esq John 1806 and a Mary - 1808 Do you know if this is correct. The wife's name of Jacob I is given only as Mally, or Mary.

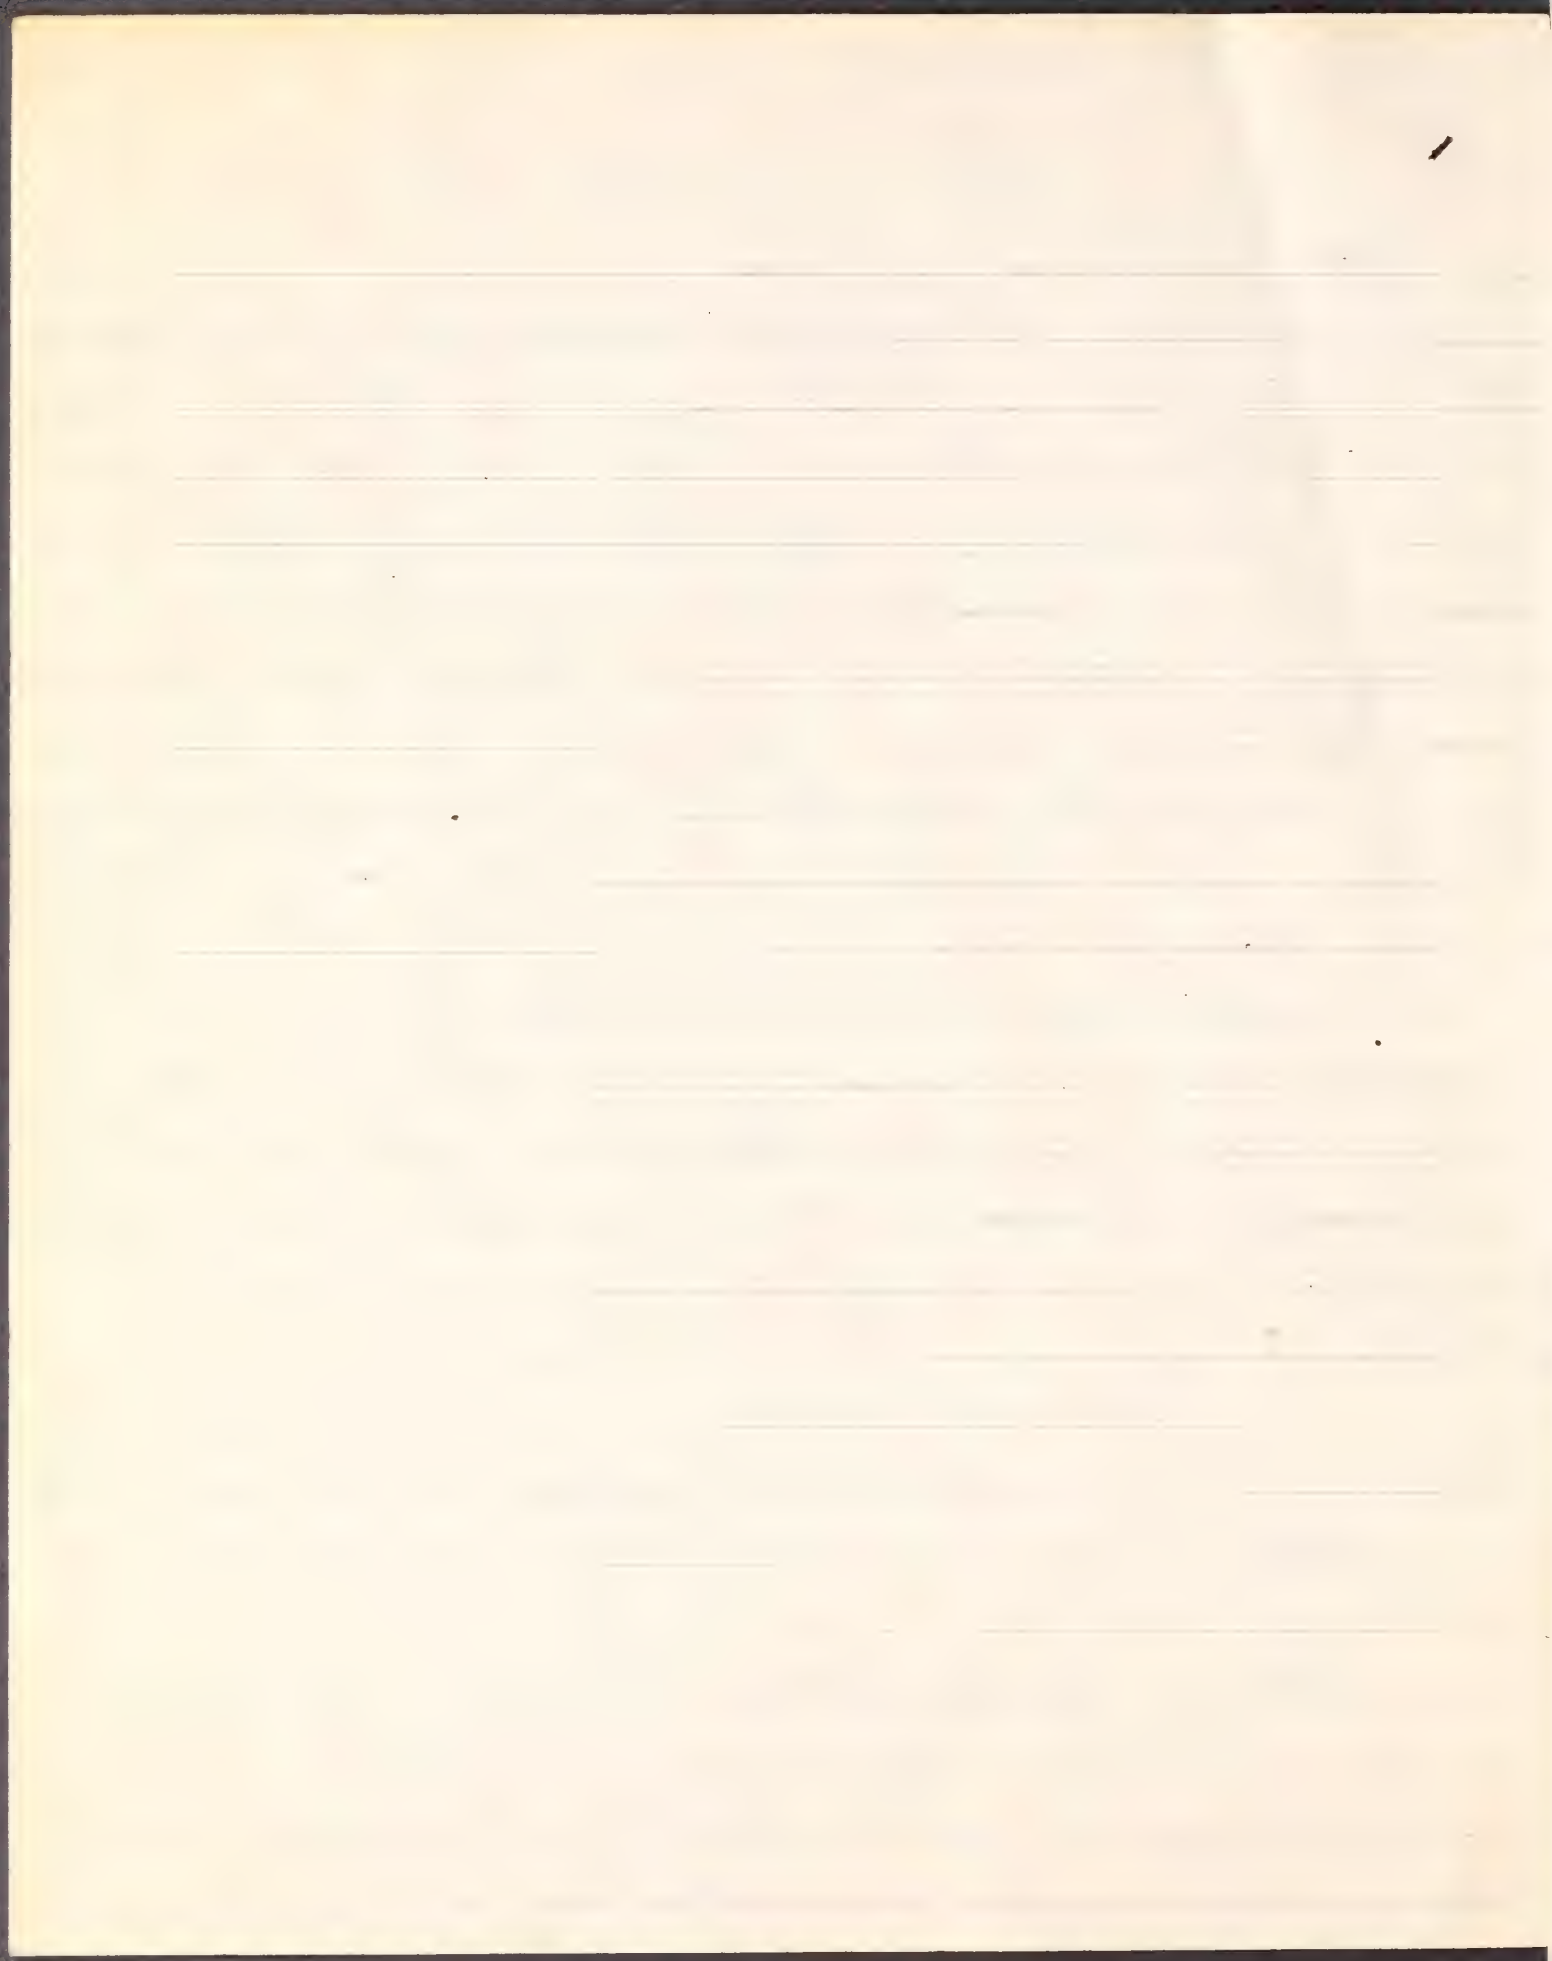

Let me know if you ever locate Mary at Bath, St John's Church and if Jacob I - son of old John had a son Jacob. There might be an error in this record of "Jacob Son of Martin"

Well we did pretty well at that.

Very truly yours
